

BURMAN'S BULLETIN - 04/07/2025

N - Nurturing and caring for others! (Summer 2)

Golden Certificates

Well done to:-

Nursery - All of Nursery for being super and sensible on Science Day!

Reception - Percy & Yakub Class 1, Eliana Class 2

Year 1 – Poppy Class 3, Nimah Class 4

Year 2 - Yahya Class 5, Ellis Class 6

Golden Lunchtime Behaviour:-

Well done to:- Archith for sitting beautifully and always using his manners.

Bertie's Bonus Winners

All of Reception Children for being so well behaved during the trip to the Sea Life Centre

Next Week....

- ♦ 7.07.25 - Rescheduled Sports day
- ♦ 9.07.25 - Class 1 Forest School - AM
- ♦ 9.07.25 - Class 2 Forest School - PM
- ♦ 10.07.25 Year 2 Transition Lunch at Haslucks Junior School
- ♦ 11.07.25 - Year 2 Leavers Performance 1.45
- ♦ 11.07.25 - School Reports to be sent home today

Weekly Attendance

Well done to Class 3 this week For being Attendance Superstars, with an amazing 97.5%

Nursery	Class 1	Class 2	Class 3	Class 4	Class 5	Class 6
95%	95.1%	93.7%	97.5%	96.2%	95.8%	91.8%

Nursery

What a super week in Nursery! We started our by week thinking about our move to Reception and how we felt about it. So many of the children are excited for the next stage! On Thursday we took part in Science Day-Little Scientists, Big Dreams! The science costumes were absolutely super and really set the theme for the day. The children joined their House Friends and took part in a range of activities, including testing finger prints, investigating colour, being Electricians and thinking about pool! It was a busy day with lots to do but we are so proud of how well the children coped. Next week in Phonics-review of all initial sounds-what can you remember!

Reception

What a busy week we've had in Reception! In Maths we have been consolidating our learning about addition by saying how many there are **first**, saying how many have been added **then**, and how many there are **altogether**. We used this to solve problems in different contexts. We had a great day at the **Sea Life Centre** on Wednesday. There was so much to see and it really brought our learning to life in our *Under the Sea* topic and previous learning about *Animals and their Homes*. We were really proud of how well behaved the children were. Many thanks to the parents who volunteered their time to help on the trip. Our trip gave us plenty to write about at the end of the week! **Science Day** on Thursday inspired us to think about how the Science we learn at school can lead us into many exciting jobs in the future and to dream big! In **Phonics** next week we will be reading **CCVC and CVCC words with long vowel sounds**. We will be reviewing all Tricky Words from the year.

Year 1 - The children have had a busy and rewarding week! They loved taking part in Science Day on Thursday exploring the theme *Little Scientists, Big Dreams*. They were inspired by the different professions their science learning could lead them to in the future, including engineer, forensic scientist, botanist, electrician, doctor, nurse, ecologist and artist! In English they explored the features of Newspaper Reports, and completed their own report all about what Paddington Bear had been up to! In Maths they used time vocabulary such as before, after, first, next, finally in order to describe, sort and order events. They also used and ordered the days of the week and the months of the year. In D&T the children loved making their final Home Hangings using applique and decorative techniques.

Next week in **Phonics** we will be learning the graphemes: **ti, ssi, si, ci**. We will be reviewing the Tricky Words: **friend, hour, many, through**.

Year 2 - Year 2 have had a lovely, but very busy week! The children were excited to create and bake their final cabin biscuit designs, carefully selecting flavours based on their earlier taste-testing sessions and their knowledge of ingredients that help with sea sickness. In Maths, the children explored volume and capacity, learning how to read different scales. They especially enjoyed the hands-on outdoor activities, comparing containers using a litre jug and water — a perfect task for the warm weather! In Science, the children deepened their understanding of habitats by exploring a woodland environment and thinking about how plants and animals adapt to survive. Science Day on Thursday was a huge success! The children looked fantastic in their costumes and loved exploring a variety of science-related jobs and activities throughout the day. To top it all off, the children were thrilled to learn about their leavers' performance. They've now received their parts and have already begun rehearsing their songs in preparation for next week's big show!

Weekly Phonics Focus: or, u, oul, are, ear

Weekly Spelling Focus: Year 2 Common Exception Words

Year 2 Homework Reminder—Learning Performance Words and Songs please!

Other School News!

Science Day—Little Scientists, Big Dreams Science Day on Thursday was such a special day! There was such a lovely buzz around school and it was wonderful to see children from across school working together to complete activities and take on different Science-related jobs. We certainly achieved our aim of exciting and inspiring children to see themselves as scientists and to dream big! Thank you so much for taking the time and effort in finding or making Scientist costumes—everyone looked amazing! Thank you for your support!

We are hoping the sun will shine for Sports Day on Monday 7th July. We look forward to seeing adults spectating! All children will be completing in Houses, so please be ready to cheer our Burman Colour Houses on!

KS1 Start Time: 9:30am

Nursery Start Time: 11:15am

Reception Start Time: 2:30pm

School would be grateful for donations of any old mobile phones (and chargers) with good quality cameras. These will be school based and SIM free. They will be used for taking **photos only** to support us in documenting learning.

Please ensure any devices are handed to the school office and have their memories cleared before donation. Thank you!
